

Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Wednesday 24 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:

Cloudy and damp this morning but brightening up later.

Today:

A cloudy start this morning with some light rain and drizzle clearing away. Turning brighter from the north from late morning onwards, leaving a dry and bright afternoon with plenty of sunshine. Feeling mild despite being a little breezy. Maximum temperature 13 deg C (55 deg F).

Tonight:

Dry with long clear spells during the first half of the night allowing it to become chilly. Skies will generally become cloudier later, but it should stay dry. Minimum temperature 3 deg C (37 deg F).

Thursday:

Largely dry with variable amounts of cloud giving some bright or sunny spells. The odd shower may form across southern parts of the region later. Mild and a little breezy. Maximum temperature 15 deg C (59 deg F).

Outlook for Friday to Sunday:

Early rain on Friday clearing to leave a cold day with blustery showers, perhaps wintry over the Peak District. Drier and brighter on Saturday. Cloudy and damp Sunday. Windy throughout.
